

Prime Meridian

HEALTHCARE™

Dear Wellness Advocates,

As a doTERRA Wellness Advocate leader, you know that doTERRA is committed to providing the world with pure products to empower lives and promote wellness. In addition to our innovative products, doTERRA has been seeking ways to provide you with better and more affordable healthcare. We have worked tirelessly over the past few years to provide a different kind of healthcare experience, which is why we are excited that Prime Meridian Healthcare is opening its doors to you and your family as we now accept new patients!

Our goal at Prime Meridian Healthcare is to provide comprehensive primary care for you and your family. As your healthcare team, we work alongside you as we seek to:

- Focus on the prevention and reversal of lifestyle-related disease.
- Use an integrative approach in treating your individual needs.
- Educate you to provide you the choice in your care.
- Offer you a highly personalized experience that goes well beyond typical primary care services.
- Provide you with affordable care through a membership model that works with or without insurance.

We invite you to schedule a time to visit us. To schedule your first visit or a tour of the clinic, you may call us at: 385-440-1400 or by going to our website here. One of our health coaches will help arrange an initial virtual or in-office visit with you.

We look forward to seeing you soon!

Warmly,

Dell Brown

Chief

Operating Officer
